

Test of Adult Basic Education (TABE) Testing

The test is required of all students in vocational programs to meet Florida Department of Education's minimum basic skill requirements. The TABE test is a broad range achievement test that measures basic skills in reading, language, mathematics, and spelling.

All students must take this test this summer, BEFORE school begins in August of 2013. If that is absolutely not possible, you will be tested in the first week of school.

Below is the information needed to register to take the TABE test on the SFSC campus this summer 2013:

- Call the testing center at (863) 784-7214 at least 24 hours in advance to make an appointment.
- The testing center's hours are Monday through Thursday from 8am to 7pm.
- The TABE test will be given in the Student Services Center on the 2nd floor of Building B in room 255 on the SFSC campus.
- To take the complete battery of tests requires approximately 4 hours.
- Students must provide their own transportation to and from testing.
- Students must show a Florida Drivers License OR Florida ID OR High School Picture ID to sit for the test.

Access this link for a computer aided tutorial for TABE practice: http://www.testprepreview.com/tabe_practice.htm

If you are applying for the cosmetology program, you must take and pass the TABE test by June 15, 2013 and turn the results in to the Career Academy front office in building L on the SFSC campus.

- Cosmetology - TABE score required for admission to this program: Reading (10), Math (10), and Language (10)
